

About this Reference Guide

This Reference Guide ("RG") dated 1 August 2023 has been prepared and issued by Equity Trustees Limited ("Equity Trustees", "we" or "Responsible Entity"). The information in this document forms part of the relevant Product Disclosure Statement ("PDS") for each class of units (each a "Class") of the following funds (each a "Fund"):

- GQG Partners Global Equity Fund – A Class dated 1 August 2023
- GQG Partners Global Equity Fund – Z Class dated 1 August 2023
- GQG Partners Global Equity Fund – AUD Hedged Class dated 1 August 2023
- GQG Partners Emerging Markets Equity Fund – A Class dated 1 August 2023
- GQG Partners Emerging Markets Equity Fund – Z Class dated 1 August 2023
- GQG Partners Global Quality Dividend Income Fund dated 1 August 2023

You can request a copy of the relevant PDS and RG by contacting +613 8623 5000 or visiting www.eqt.com.au/insto. The information provided in this RG is for general information only and does not take into account your individual objectives, financial situation or needs. You should obtain financial advice tailored to your personal circumstances

Updated Information

Information in each PDS and this RG is subject to change. Before making an investment in any Class of a Fund, you should ensure that you have read the relevant PDS and RG current as at the date of your investment.

You can request a copy of the relevant PDS and RG by contacting +613 8623 5000 or visiting www.eqt.com.au/insto (after the 'no US offer page' click on "GQG Partners LLC").

A paper copy of the updated information will also be provided free of charge on request.

1. Investing in a Fund

Application cut-off times

If we receive a correctly completed Application Form, identification documents (if applicable) and cleared application money:

- before or at 2pm (Sydney time) on a Business Day and your application for units is accepted, you will generally receive the Application Price calculated for that Business Day; or
- after 2pm (Sydney time) on a Business Day and your application for units is accepted, you will generally receive the Application Price calculated for the next Business Day.

Please see the relevant PDS for information regarding how to apply.

Application terms

We will only start processing an application if:

- we consider that you have correctly completed the Application Form;
- you have provided us with the relevant identification documents if required;
- we have received the application money (in cleared funds) stated in your Application Form; and
- if cash is received after the date of your application, and you have not communicated the date of cash receipt to IRESS (ie. phone #/email), then you will receive the Application Price calculated on the following Business Day.

2. Managing your investment

Authorised signatories

You can appoint a person, partnership or company as your authorised signatory. To do so, please nominate them on the Application Form and have them sign the relevant sections. If a company is appointed, the powers extend to any director and officer of the company. If a partnership is appointed, the powers extend to all partners. Such appointments will only be cancelled or changed once we receive written instructions from you to do so.

Once appointed, your authorised signatory has full access to operate your investment account for and on your behalf. This includes the following:

- making additional investments;
- requesting income distribution instructions be changed;
- withdrawing all or part of your investment;
- changing bank account details; and
- enquiring and obtaining copies of the status of your investment.

If you do appoint an authorised signatory:

- you are bound by their acts;
- you release, discharge and indemnify us from and against any losses, liabilities, actions, proceedings, claims and demands arising from instructions received from your authorised signatory; and
- you agree that our acting on any instructions received from your authorised signatory shall amount to complete satisfaction of our obligations, even if these instructions were made without your knowledge or authority.

Reports

Investors will be provided with the following reports:

- application and withdrawal confirmation statements;
- transaction statements; and

- (where applicable), distribution and tax statements.

Annual audited financial accounts are available on Equity Trustees' website.

3. Withdrawing your investment

Withdrawal cut-off times

If we receive a withdrawal request:

- before or at 2pm (Sydney time) on a Business Day and your withdrawal request is accepted, you will generally receive the Withdrawal Price calculated for that Business Day; or
- after 2pm (Sydney time) on a Business Day and your withdrawal request is accepted, you will generally receive the Withdrawal Price calculated for the next Business Day.

Please see the relevant PDS for information regarding how to request a withdrawal.

Withdrawal terms

Once we receive your withdrawal request, we may act on your instruction without further enquiry if the instruction bears your account number or investor details and your (apparent) signature(s), or your authorised signatory's (apparent) signature(s).

We may contact you to check your details before processing your withdrawal request but are not obliged to. This may cause a delay in finalising payment of your withdrawal money. No interest is payable for any delay in finalising payment of your withdrawal money.

We are not responsible or liable if you do not receive, or are late in receiving, any withdrawal money that is paid according to your instructions.

When you are withdrawing, you should take note of the following:

- Withdrawals will only be paid to the investor.
- We reserve the right to fully redeem your investment if, as a result of processing your request, your investment balance in the Fund falls below the minimum balance set out in the relevant PDS.
- If we cannot satisfactorily identify you as the withdrawing investor, we may reject your withdrawal request or payment of your withdrawal proceeds will be delayed. We are not responsible for any loss you consequently suffer.
- As an investor who is withdrawing, you agree that any payment made according to instructions received by post, courier or fax, shall be a complete satisfaction of our obligations, despite any fact or circumstances such as the payment being made without your knowledge or authority.
- You agree that if the payment is made according to these terms, you, and any person claiming on your behalf, shall have no claim against us with regards to such payment.

Withdrawal restrictions

Under the Corporations Act, you do not have a right to withdraw from the Fund if the Fund is illiquid. In such circumstances, you will only be able to withdraw your investment if Equity Trustees makes a withdrawal offer in accordance with the Corporations Act. Equity Trustees is not obliged to make such offers.

The Fund will be deemed liquid if at least 80% of its assets are liquid assets (generally cash and marketable securities). In addition, we may at any time suspend consideration of withdrawal requests or defer our obligation to pay withdrawal proceeds if it is not possible, or not in the best interests of investors or former investors for us to do so, due to circumstances outside our control (such as restricted or suspended trading in a Fund asset).

4. Additional information on fees and costs

DID YOU KNOW?

Small differences in both investment performance and fees and costs can have a substantial impact on your long-term returns.

For example, total annual fees and costs of 2% of your investment balance rather than 1% could reduce your final return by up to 20% over a 30-year period (for example, reduce it from \$100,000 to \$80,000).

You should consider whether features such as superior investment performance or the provision of better member services justify higher fees and costs.

You may be able to negotiate to pay lower fees. Ask the Fund or your financial adviser.

TO FIND OUT MORE

If you would like to find out more, or see the impact of the fees based on your own circumstances, the **Australian Securities and Investments Commission (ASIC)** Moneysmart website (www.moneysmart.gov.au) has a managed funds fee calculator to help you check out different fee options.

Fees and other costs

This section shows fees and other costs that you may be charged. These fees and costs may be deducted from your money, from the returns on your investment or from the assets of the managed investment scheme as a whole.

Taxes are set out in another part of this document. You should read all the information about fees and costs because it is important to understand their impact on your investment.

² The indirect costs component of management fees and costs and transaction costs are based on a reasonable estimate of the costs for the current financial year to date, adjusted to reflect a 12-month period. Please see "Additional Explanation of Fees and Costs" below.

Additional Explanation of Fees and Costs

Management fees and costs

The management fees and costs include amounts payable for administering and operating the Fund, investing the assets of the Fund, expenses and reimbursements in relation to the Fund and indirect costs if applicable.

Management fees and costs do not include performance fees or transaction costs, which are disclosed separately.

The management fees are payable for managing the assets and overseeing the operations of the Fund. The management fees component is accrued daily and reflected in the unit price. These fees are generally paid from the Class monthly or quarterly in arrears (depending on the particular fee). As at the date of this PDS, the management fees component covers certain ordinary expenses such as Responsible Entity fees, investment management fees, custody holding fees, administration and audit fees. The management fees shown above do not include extraordinary expenses (if they are incurred), such as litigation costs and the costs of convening investor meetings.

The indirect costs and other expenses component of 0% p.a. of the NAV of the relevant Class may include other ordinary expenses of operating the Fund, as well as management fees and costs (if any) arising from interposed vehicles in or through which the Fund or Class invests and the costs of investing in over-the-counter derivatives to gain investment exposure to assets or implement the Fund's or Class's investment strategy (if any). The indirect costs and other expenses component is variable and reflected in the unit price of each Class as the relevant fees and costs are incurred. They are borne by investors, but they are not paid to the Responsible Entity or Investment Manager.

Actual indirect costs for the current and future years may differ. If in future there is an increase to indirect costs disclosed in this PDS, updates will be provided on Equity Trustees' website at www.eqt.com.au/insto where they are not otherwise required to be disclosed to investors under law.

Transaction costs

In managing the assets of the Fund and each Class, the Fund and the relevant Class may incur transaction costs such as brokerage, buy-sell spreads in respect of the underlying investments of the Fund and the relevant Class, settlement costs, clearing costs and applicable stamp duty when assets are bought and sold, transactional related custody costs and the costs of over-the-counter derivatives that reflect transaction costs that would arise if the Fund or Class held the ultimate reference assets, as well as the costs of over-the-counter derivatives used for hedging purposes. Transaction costs also include costs incurred by interposed vehicles in which the Fund or each Class invests (if any), that would have been transaction costs if they had been incurred by the Fund or Class itself. Transaction costs are an additional cost to the investor where they are not recovered by the Buy/Sell Spread, and are generally incurred when the assets of the Fund or any Class are changed in connection with day-to-day trading or when there are applications or withdrawals which cause net cash flows into or out of the Fund or Class.

The Buy/Sell Spread that is disclosed in the Fees and Costs Summary is a reasonable estimate of transaction costs that each Class will incur when buying or selling assets of the Class due to investor subscriptions and redemptions. These costs are an additional cost to the investor but are incorporated into the unit price and arise when investing application monies and funding withdrawals from the Class and are not separately charged to the investor. The Buy Spread is paid into the relevant Class as part of an application and the Sell Spread is left in the Class as part of a redemption and not paid to Equity Trustees or the Investment Manager. The estimated Buy/Sell Spread for each Class of GQG Partners Global Equity Fund is 0.10% upon entry and 0.10% upon exit. The dollar value of these costs based on an application or a withdrawal of \$25,000 is \$25 for each individual transaction. The estimated Buy/Sell Spread for GQG Partners Emerging Markets Equity Fund is 0.25% upon entry and 0.25% upon exit. The dollar value of these costs based on an application or a withdrawal of \$25,000 is \$62.50 for each individual transaction. The estimated Buy/Sell Spread for GQG Partners Global Quality Dividend Income Fund is 0.10% upon entry and 0.10% upon exit. The dollar value of these costs based on an application or a withdrawal of \$25,000 is \$25 for each individual transaction. The Buy/Sell Spread can be altered by the Responsible Entity at any time and www.eqt.com.au/insto will be updated as soon as practicable to reflect any change. The Responsible Entity may also waive the Buy/Sell Spread in part or in full at its discretion. The transaction costs figure in the Fees and Costs Summary is shown net of any amount recovered by the Buy/Sell Spread charged by the Responsible Entity.

Transaction costs generally arise through the day-to-day trading of each Class's assets, and are reflected in each Class's unit price as an additional cost to the investor, as and when they are incurred.

The gross transaction costs for the GQG Partners Global Equity Fund are 0.12% p.a. of the NAV of the Class and GQG Partners Emerging Markets Equity Fund are 0.34% p.a. of the NAV of each Class, which is based on the relevant costs incurred during the financial year ended 30 June 2022.

The gross transaction costs for the GQG Partners Global Quality Dividend Income Fund are 0.18% p.a. of the NAV of the Fund, which is based on a reasonable estimate of the costs for the current financial year to date, adjusted to reflect a 12-month period. In relation to the costs that have been estimated, they have been estimated on the basis of relevant information of a similar product offering offered by the Investment Manager.

However, actual transaction costs for future years may differ.

Can the fees change?

Yes, all fees can change without investor consent, subject to the maximum fee amounts specified in the Constitution. The current maximum management fee to which Equity Trustees is entitled is 2% of the GAV of each Class for the GQG Global Equity Fund, the GQG Emerging Markets Fund, and the GQG Global Quality Dividend Income Fund. However, Equity Trustees does not intend to charge that amount and will generally provide investors with at least 30 days' notice of any proposed increase to the management fees component of management fees and costs. In most circumstances, the Constitution defines the maximum level that can be charged for fees described in this Reference Guide. Equity Trustees also has the right to recover all reasonable expenses incurred in relation to the proper performance of its duties in managing each Fund and as such these expenses may increase or decrease accordingly, without notice.

Payments to IDPS Operators

Subject to the law, annual payments may be made to some IDPS Operators because they offer one or more of the Funds on their investment menus. Product access is paid by the Investment Manager out of its investment management fee and is not an additional cost to the investor. If the payment of annual fees to IDPS Operators is limited or prohibited by the law, Equity Trustees will ensure the payment of such fees is reduced or ceased.

Differential fees

The Investment Manager may from time to time negotiate a different fee arrangement (by way of a rebate or waiver of fees) with certain investors who are Wholesale Clients. Please contact the Responsible Entity on +613 8623 5000 for further information.

Taxation

Please refer to Section 7 of the Product Disclosure Statement and Section 5 of this Reference Guide for further information on taxation.

5. Other important information

Taxation

The following information summarises some of the Australian taxation issues you may wish to consider before making an investment in the Fund and assumes that you hold your investment in the Fund on capital account and are not considered to be carrying on a business of investing, trading in investments or investing for the purpose of profit making by sale and that the Australian capital gains tax (CGT) rules apply to you. The information should be used as a guide only and does not constitute professional tax advice as individual circumstances may differ.

A number of tax reform measures are currently under review by the Australian Government. These reforms may impact on the tax position of the Fund and its investors. Accordingly, it is recommended that investors seek their own professional advice, specific to their own circumstances, of the taxation implications of investing in the Fund.

General

Each Fund is an Australian resident trust for Australian tax purposes. Therefore, the Fund is required to determine its net income (taxable income) for the year of income. On the basis that investors will be attributed their share of assessable income, exempt income, non-assessable non-exempt income and tax offsets (i.e. credits) of the Fund and the Fund is not a public trading trust, the Fund should be treated as a flow-through trust for tax purposes. This means that investors should be taxed on the amount attributed to them, and the Fund should not be subject to Australian income tax.

The AMIT rules also provide for qualifying AMITs that have multiple classes of units on issue to elect for each Class to be treated as a separate trust for the purposes of determining and attributing the taxable income of the relevant trust to investors. The Responsible Entity intends to make this election in respect to each Fund, subject to eligibility and the election being in the best interests of investors. The following discussion proceeds on the basis that such an election will be made.

In the case where a Class makes a loss for Australian tax purposes, that tax loss cannot be distributed to investors. However, the tax loss may be carried forward for offset against taxable income of the Class in subsequent years, subject to the operation of the trust loss rules.

Attribution Managed Investment Trust ("AMIT") – core rules

Each Fund qualifies as an eligible Attribution Managed Investment Trust (AMIT) and has made an election into the AMIT regime. The AMIT legislation applies an attribution model whereby Equity Trustees as the Responsible Entity of the Fund attributes amounts of trust components of a particular character to investors on a fair and reasonable basis consistent with the operation of the Fund's Constitution, which includes provisions in relation to AMIT.

As a consequence, investors will be taxed on the income and gains of the relevant Class on an attribution basis, and will be required to include in their assessable income their determined member component of any assessable income, net capital gains or CGT discount capital gains or franking tax offsets or other tax offsets earned, made or received (as relevant) by the Fund.

Under the AMIT rules, the following should apply:

Fair and reasonable attribution: Each year, the determined trust components for each Class of assessable income, exempt income, non-assessable non-exempt income and tax offsets (i.e. credits) will be allocated to investors on a “fair and reasonable” attribution basis based on their membership interest in the Class.

Unders or overs adjustments: Where the determined trust components for a Class for a year are revised in a subsequent year (e.g. due to actual amounts differing to the estimates of income, gains / losses or expenses), then unders and overs may arise. Unders and overs will generally be carried forward and adjusted in the year of discovery.

Cost base adjustments: Where the distribution made is less than (or more than) certain components attributed to investors, then the cost base of an investor’s units may be increased (or decreased). Details of cost base adjustments will be included on the investor’s annual tax statement, referred to as an AMIT Member Annual Statement (“AMMA”).

Large withdrawals: In certain circumstances, gains may be attributed to a specific investor, for example, gains on disposal of assets to fund a large withdrawal being attributed to the redeeming investor.

Penalties: In certain circumstances (e.g. failure to comply with certain AMIT rules), specific penalties may be imposed.

The AMIT rules are intended to reduce complexity, increase certainty and reduce compliance costs for managed investment trusts and their investors. Where the Fund has made the election but the election is not effective for the income year (e.g. the Fund does not satisfy the requirements to be a managed investment trust for the income year), the Tax Law applicable to non-AMITs should be relevant. In particular, the Fund should not generally pay tax on behalf of its investors and instead, investors should be assessed for tax on any income and capital gains generated by the Fund to which they are presently entitled.

Deemed Capital Gains Tax (“CGT”) Election

Eligible managed investment trusts (“MITs”) may make an election to apply a deemed capital account treatment for gains and losses on disposal of certain eligible investments (including equities and units in other trusts but excluding derivatives, debt securities and foreign exchange contracts). Where the election is made the Fund should hold its eligible investments on capital account and gains/(losses) from the disposal of eligible investments should be treated as capital gains/(losses). Capital gains arising on the disposal of eligible investments held for 12 months or greater may be eligible to be treated as discount capital gains.

Where the CGT election is not made, the Fund should hold its eligible investments on revenue account and gains/(losses) from the disposal of eligible investments should be treated as revenue gains or losses.

Controlled Foreign Company (“CFC”) Provisions

There are certain tax rules (i.e. the CFC provisions) which may result in assessable income arising in the Fund in relation to investments in foreign equities, where certain control thresholds are met. If such interests were to be held at the end of the income year, the taxable income of the Fund may include a share of net income and gains (i.e. CFC attributable income) from such investments.

Taxation of Financial Arrangements (“TOFA”)

The TOFA rules may apply to certain “financial arrangements” held by the Fund. In broad terms, the TOFA regime seeks to recognise “sufficiently certain” returns on certain financial arrangements on an accruals basis for tax purposes rather than on a realisation basis. Where returns from derivative instruments are not “sufficiently certain” they should continue to be recognised on a realisation basis, unless specific tax timing elections are made.

Taxation Reform

The tax information included in this PDS is based on the taxation legislation and administrative practice as at the issue date of this PDS, together with proposed changes to the taxation legislation as announced by the Government. However, the Australian tax system is in a continuing state of reform. Any reform of a tax system creates uncertainty as to the full extent of announced reforms, or uncertainty as to the meaning of new law that is enacted pending interpretation through the judicial process. These reforms may impact on the tax position of the Fund and its investors. Accordingly, it will be necessary to closely monitor the progress of these reforms, and investors should seek their own professional advice, specific to their own circumstances, of the taxation implications of investing in the Fund.

Tax File Number (“TFN”) and Australian Business Number (“ABN”)

It is not compulsory for an investor to quote their TFN or ABN. If an investor is making this investment in the course of a business or enterprise, the investor may quote an ABN instead of a TFN. Failure by an investor to quote an ABN or TFN or claim an exemption may cause the Responsible Entity to withhold tax at the top marginal rate, plus the Medicare Levy, on gross payments including attribution of income to the investor. The investor may be able to claim a credit in their tax return for any TFN or ABN tax withheld. Collection of TFNs is permitted under taxation and privacy legislation.

By quoting their TFN or ABN, the investor authorises Equity Trustees to apply it in respect of all the investor’s investments with Equity Trustees. If the investor does not want to quote their TFN or ABN for some investments, Equity Trustees should be advised.

GST

The Fund is registered for GST. The issue or withdrawal of units and receipt of distributions are not subject to GST.

The Fund may be required to pay GST included in management and other fees, charges, costs and expenses incurred by the Fund. However, to the extent permissible, the Responsible Entity will claim on behalf of the Fund a proportion of this GST as a reduced input tax credit. Unless otherwise stated, fees and charges quoted in this PDS are inclusive of GST and take into account any available reduced input tax credits. The Fund may be entitled to as yet undetermined additional input tax credits on the fees, charges or costs incurred. If the Responsible Entity is unable to claim input tax credits on behalf of the Fund, the Responsible Entity retains the ability to recover the entire GST component of all fees and charges.

The impact of GST payments and credits will be reflected in the unit price. Investors should seek professional advice with respect to the GST consequences arising from their unit holding.

Australian Taxation of Australian Resident Investors

Distributions

For each year of income, each Australian resident investor will be required to include within their own tax calculations and tax return filings the assessable income, exempt income, non-assessable non-exempt income and tax offsets (i.e. credits) of the Fund attributed to them by Equity Trustees as the Responsible Entity of the Fund.

The tax consequences for investors in the Fund depends on the tax components of assessable income, exempt income, non-assessable non-exempt income and tax offsets (i.e. credits) of the Fund attributed to them.

Investors will receive an AMMA statement detailing all relevant taxation information concerning attributed amounts and cash distributions, including any Foreign Income Tax Offset (“FITO”) and franking credit entitlements, returns of capital, assessable income, and any upwards or downwards cost base adjustment in the capital gains tax cost base of their units in the Fund (in the case of an AMIT).

An investor may receive their share of attributed tax components of a Class in respect of distributions made during the year or where they have made a large withdrawal from the Fund, in which case their withdrawal proceeds may include their attributed tax components of assessable income, exempt income, non-assessable non-exempt income and tax offsets (i.e. credits). In addition, because Australian investors can move into and out of the Fund at different points in time, there is the risk that taxation liabilities in respect of gains that have benefited past investors may have to be met by subsequent investors.

Foreign Income

A Class may derive foreign source income that is subject to tax overseas, for example withholding tax. Australian resident investors should include their share of both the foreign income and the amount of the foreign tax withheld in their assessable income. In such circumstances, investors may be entitled to a FITO for the foreign tax paid, against the Australian tax payable on the foreign source income. To the extent the investors do not have sufficient overall foreign source income to utilise all of the FITOs relevant to a particular year of income, the excess FITOs cannot be carried forward to a future income year.

Disposal of Units by Australian Resident Investors

If an Australian resident investor transfers or redeems their units, this may constitute a disposal for tax purposes depending on their specific circumstances.

Where an investor holds their units on capital account, a capital gain or loss may arise on disposal and each investor should calculate their capital gain or loss according to their own particular facts and circumstances. A capital gain may arise to the extent that their proceeds from disposal exceeds their cost base for the units or a capital loss may arise to the extent that their reduced cost base for the units exceeds their capital proceeds in respect of the disposal of the units.

As noted above, proceeds on disposal may include a component of distributable income. In calculating the taxable amount of a capital gain, a discount of 50% for individuals and trusts or 33 & 1/3% for complying Australian superannuation funds may be allowed where the units have been held for 12 months or more. No CGT discount is available to corporate investors.

Any capital losses arising from the disposal of the investment may be used to offset other capital gains the investor may have derived. Net capital losses may be carried forward for offset against capital gains of subsequent years but may not be offset against ordinary income.

The discount capital gains concession may be denied in certain circumstances where an investor (together with associates) holds 10% or more of the issued units, the Fund has less than 300 beneficiaries and other requirements are met. Investors who together with associates are likely to hold more than 10% of the units should seek advice on this issue.

Australian Taxation of Non-Resident Investors

Tax on Income

The Fund expects to derive income which may be subject to Australian withholding tax when attributed by Equity Trustees as the Responsible Entity of the Fund to non-resident investors.

Australian withholding tax may be withheld from Australian source income and gains attributed to a non-resident investor. The various components of the net income of the Fund which may be regarded as having an Australian source include Australian sourced interest, Australian sourced other gains, Australian sourced dividends and CGT taxable Australian property.

We recommend that non-resident investors seek independent tax advice before investing, taking into account their particular circumstances and the provisions of any relevant Double Taxation Agreement/ Exchange of Information Agreement ("EOI") between Australia and their country of residence.

Disposal of units by Non-Resident Investors

Based on the Fund's investment profile, generally non-resident investors holding their units on capital account should not be subject to Australian capital gains tax on the disposal of units unless the units were capital assets held by the investor in carrying on a business through a permanent establishment in Australia. Australian tax may apply in certain circumstances if the non-resident holds their units on revenue account. CGT may also apply in some cases where the Fund has a direct or indirect interest in Australian real property. We recommend that non-resident investors seek independent tax advice in relation to the tax consequences of the disposal of their units.

Your privacy

The Australian Privacy Principles contained in the Privacy Act 1988 (Cth) ("Privacy Act") regulate the way in which we collect, use, disclose, and otherwise handle your personal information. Equity Trustees is committed to respecting and protecting the privacy of your personal information, and our Privacy Policy details how we do this.

It is important to be aware that, in order to provide our products and services to you, Equity Trustees may need to collect personal information about you and any other individuals associated with the product or service offering. In addition to practical reasons, this is necessary to ensure compliance with our legal and regulatory obligations (including under the Corporations Act, the AML/CTF Act and taxation legislation). If you do not provide the information requested, we may not be able to process your application, administer, manage, invest, pay or transfer your investment(s).

You must therefore ensure that any personal information you provide to Equity Trustees is true and correct in every detail. If any of this personal information (including your contact details) changes, you must promptly advise us of the changes in writing. While we will generally collect your personal information from you, your broker or adviser or the Investment Manager and Administrator directly, we may also obtain or confirm information about you from publicly available sources in order to meet regulatory obligations.

In terms of how we deal with your personal information, Equity Trustees will use it for the purpose of providing you with our products and services and complying with our regulatory obligations. Equity Trustees may also disclose it to other members of our corporate group, or to third parties who we work with or engage for these same purposes. Such third parties may be situated in Australia or offshore, however we take reasonable steps to ensure that they will comply with the Privacy Act when collecting, using or handling your personal information.

The types of third parties that we may disclose your information to include, but are not limited to:

- stockbrokers, financial advisers or adviser dealer groups, their service providers and/or any joint holder of an investment;
- those providing services for administering or managing the Fund, including the Investment Manager, Custodian and Administrator, auditors, or those that provide mailing or printing services;
- our other service providers;
- regulatory bodies such as ASIC, ATO, APRA and AUSTRAC; and
- other third parties who you have consented to us disclosing your information to, or to whom we are required or permitted by law to disclose information to.

Equity Trustees or the Investment Manager may from time to time provide you with direct marketing and/or educational material about products and services they believe may be of interest to you. You have the right to "opt out" of such communications by contacting us using the contact details below.

In addition to the above information, Equity Trustees' Privacy Policy contains further information about how we handle your personal information, and how you can access information held about you, seek a correction to that information, or make a privacy-related complaint.

Full details of Equity Trustees' Privacy Policy are available at www.eqt.com.au. You can also request a copy by contacting Equity Trustees' Privacy Officer on +61 3 8623 5000 or by email to privacy@eqt.com.au.

The Constitution

Each Fund is governed by a constitution that sets out the Fund's operation (the "Constitution"). The Constitution, together with the PDS and this RG, the Corporations Act and other laws, regulate our legal relationship with investors in the Fund. If you invest in the Fund, you agree to be bound by the terms of the PDS, this RG and the Constitution. You can request a copy of the Constitution free of charge from Equity Trustees. Please read these documents carefully before investing in the Fund.

We may amend the Constitution from time to time in accordance with the provisions in the Constitution and the Corporations Act.

Anti-Money Laundering and Counter Terrorism Financing ("AML/CTF")

Australia's AML/CTF laws require Equity Trustees to adopt and maintain a written AML/CTF Program. A fundamental part of the AML/CTF Program is that Equity Trustees must hold up-to-date information about investors (including beneficial owner information) in the Fund.

To meet this legal requirement, we need to collect certain identification information (including beneficial owner information) and documentation ("KYC Documents") from new investors. Existing investors may also be asked to provide KYC Documents as part of an ongoing customer due diligence/verification process to comply with AML/CTF laws. If applicants or investors do not provide the applicable KYC Documents when requested, Equity Trustees may be unable to process an application, or may be unable to provide products or services to existing investors until such time as the information is provided.

In order to comply with AML/CTF Laws, Equity Trustees may also disclose information including your personal information that it holds about the applicant, an investor, or any beneficial owner, to its related bodies corporate or service providers, or relevant regulators of AML/CTF Laws (whether inside or outside Australia). Equity Trustees may be prohibited by law from informing applicants or investors that such reporting has occurred.

Equity Trustees shall not be liable to applicants or investors for any loss you may suffer because of compliance with the AML/CTF laws.

Indirect Investors

You may be able to invest indirectly in a Fund via an IDPS by directing the IDPS Operator to acquire units on your behalf. If you do so, you will need to complete the relevant forms provided by the IDPS Operator and not the Application Form accompanying the PDS. This will mean that you are an Indirect Investor in the Fund and not an investor or member of the Fund. Indirect Investors do not acquire the rights of an investor as such rights are acquired by the IDPS Operator who may exercise, or decline to exercise, these rights on your behalf.

Indirect Investors do not receive reports or statements from us and the IDPS Operator's application and withdrawal conditions determine when you can direct the IDPS Operator to apply or redeem. Your rights as an Indirect Investor should be set out in the IDPS Guide or other disclosure document issued by the IDPS Operator.

Information on underlying investments

Information regarding the underlying investments of the Fund will be provided to an investor of the Fund on request, to the extent Equity Trustees is satisfied that such information is required to enable the investor to comply with its statutory reporting obligations. This information will be supplied within a reasonable timeframe having regard to these obligations.

Foreign Account Tax Compliance Act ("FATCA")

In April 2014, the Australian Government signed an intergovernmental agreement ("IGA") with the United States of America ("U.S."), which requires all Australian financial institutions to comply with the FATCA Act enacted by the U.S. in 2010.

Under FATCA, Australian financial institutions are required to collect and review their information to identify U.S. residents and U.S. controlling persons that invest in assets through non-U.S. entities. This information is reported to the Australian Taxation Office ("ATO"). The ATO may then pass that information onto the U.S. Internal Revenue Service.

In order to comply with the FATCA obligations, we may request certain information from you. Failure to comply with FATCA obligations may result in the Fund, to the extent relevant, being subject to a 30% withholding tax on payment of U.S. income or gross proceeds from the sale of certain U.S. investments. If the Fund suffers any amount of FATCA withholding and is unable to obtain a refund for the amounts withheld, we will not be required to compensate investors for any such withholding and the effect of the amounts withheld will be reflected in the returns of the Fund.

Common Reporting Standard ("CRS")

The CRS is developed by the Organisation of Economic Co-operation and Development and requires certain financial institutions resident in a participating jurisdiction to document and identify reportable accounts and implement due diligence procedures. These financial institutions will also be required to report certain information on reportable accounts to their relevant local tax authorities.

Australia signed the CRS Multilateral Competent Authority Agreement and has enacted provisions within the domestic tax legislation to implement CRS in Australia. Australian financial institutions need to document and identify reportable accounts, implement due diligence procedures and report certain information with respect to reportable accounts to the ATO. The ATO may then exchange this information with foreign tax authorities in the relevant signatory countries.

In order to comply with the CRS obligations, we may request certain information from you. Unlike FATCA, there is no withholding tax that is applicable under CRS.

Related party investment

An entity associated with the controller of the GQG group will make a seed investment of approximately \$5million in the GQG Partners Global Quality Dividend Income Fund. It intends to redeem this seed investment once the funds under management for this fund have grown to a level such that the redemption will not have a material impact on its total funds under management.

6. Glossary

Application Form

The Application Form that accompanies the relevant PDS.

ATO

Australian Taxation Office.

AUSTRAC

Australian Transaction Reports and Analysis Centre.

Business Day

A day other than Saturday or Sunday on which banks are open for general banking business in Melbourne or if the administrator of the relevant Fund primarily performs its administrative functions in respect of the Fund in a city other than Melbourne, the city in which the administrator performs such functions.

Corporations Act

The Corporations Act 2001 (Cth).

Indirect Investors

Individuals who invest in a Fund through an IDPS.

IDPS

Investor-Directed Portfolio Service or investor-directed portfolio-like managed investment scheme. An IDPS is generally the vehicle through which an investor purchases a range of underlying investment options from numerous investment managers.

IDPS Operator

The entity responsible for operating an IDPS.

Net Asset Value (NAV)

The value of the assets of the relevant Class less the value of the Class liabilities adjusted as applicable by the related amounts (whether liabilities or benefits) arising from transactions entered into for the purposes of the Class's activities that are unique from those of that Fund (such as currency hedging activities).

Retail Client

Persons or entities defined as such under section 761G of the Corporations Act.

Unit

A unit of the unit trust comprising the relevant Fund.

US Person

A person so classified under securities or tax law in the United States of America ("US") including, in broad terms, the following persons:

- (a) any citizen of, or natural person resident in, the US, its territories or possessions; or
- (b) any corporation or partnership organised or incorporated under any laws of or in the US or of any other jurisdiction if formed by a US Person (other than by accredited investors who are not natural persons, estates or trusts) principally for the purpose of investing in securities not registered under the US Securities Act of 1933; or

(c) any agency or branch of a foreign entity located in the US; or

(d) a pension plan primarily for US employees of a US Person; or

(e) a US collective investment vehicle unless not offered to US Persons; or

(f) any estate of which an executor or administrator is a US Person (unless an executor or administrator of the estate who is not a US Person has sole or substantial investment discretion over the assets of the estate and such estate is governed by non-US law) and all the estate income is non-US income not liable to US income tax; or

(g) any trust of which any trustee is a US Person (unless a trustee who is a professional fiduciary is a US Person and a trustee who is not a US Person has sole or substantial investment discretion over the assets of the trust and no beneficiary (or settlor, if the trust is revocable) of the trust is a US Person); or

(h) any discretionary account or similar account (other than an estate or trust) held by a dealer or other fiduciary for the benefit or account of a US Person; or

(i) any non-discretionary account or similar account (other than an estate or trust) held by a dealer or other fiduciary organised, incorporated or (if an individual) resident in the US for the benefit or account of a US Person.

We, us

Refers to Equity Trustees.

Wholesale Client

Persons or entities defined as such under section 761g of the Corporations Act.
